Can you tell us why you are interested in joining the Park Policy Council (PPC)?

It's essential that PPC members are connected to stakeholders in their neighborhood in order to reach as many San Franciscans as possible and to engage them in park issues. The PPC members will be knowledgeable of their neighborhood's needs & desires while also acting as the main point of contact. Lastly, our PPC members must have the ability to rally support for SFPA's policy work through their neighborhood. With that in mind, please describe your personal/neighborhood network that will be beneficial to our PPC in the space below. (This may include: Connections with park/neighborhood associations, corporations, education, media, state or city politicians, philanthropy, social networks, small or large businesses, social service agencies, or other.
